What’s coming to Cooma Hospital?

On 19 June 2018 the NSW Government announced an additional $8.6 million of capital investment for the project, bringing the total funding budget to $18.6 million.

The Cooma Hospital Redevelopment will now include:

- an expanded Emergency Department and new front entrance
- a new Maternity Department, constructed on level A of the hospital which will comprise birthing rooms, bedrooms and essential clinical and ancillary areas
- a new Ambulatory Care Centre on Level B including new consult and interview rooms
- expansion of the Medical Imaging Department to enhance and provide essential improvements to ultra sound rooms as well as improve functional efficiencies
- light refurbishment of clinical support areas in the Inpatient Unit and
- the relocation of the Pathology Department to Level B.

User Group consultation

The redevelopment design team has undertaken extensive consultation with staff and stakeholders from each department that will be upgraded. Consultation has involved input on the details of room layouts including technology, fixtures, furnishings and equipment.

When will work start?

Subject to planning approvals, construction is expected to start in early 2019. The completion timeframes will be confirmed once a construction contractor is engaged.

What are the next steps?

Design Development is currently being finalised. The tender call for the Head Contractors will take place in the coming weeks.

Stay in touch

We are your Health Service, so let’s work together!

The Cooma Community Consultative Committee (CCC), local Council and community members will be actively consulted throughout the planning of the Cooma Hospital Redevelopment.

The project team will provide regular communication on project progress.
